MANUFACTURER'S TSE DECLARATION

Microbiological Culture Media derived from Bovine Material

Microbiological culture media for *in vitro* use only, and not for use in cell culture technology or for the culture of biologicals or pharmaceuticals

Origin of Products:

Southern Group Laboratory Ltd, E-H Cavendish Courtyard, Sallow Road, Weldon North Industrial Estate, Corby, Northants. NN17 5JX

Dehydrate media suppliers used are assessed and have systems and documentation to show origin of bovine materials.

Declaration:

- Materials of bovine origin are derived ONLY from cattle originating from countries deemed to be free of BSE.
- The processing/exporting facility DOES NOT receive, store or process ANY bovine material (except milk) from BSE countries listed below:

Albania, Andorra, Austria, Belgium, Bosnia-Herzegovina, Bulgaria, Croatia, the Czech Republic, Denmark, Finland, France, Germany, Greece, Hungary, Northern Ireland, the Republic of Ireland, Israel, Italy, Japan, Liechtenstein, Luxembourg, the former Yugoslav Republic of Macedonia, Monaco, Netherlands, Norway, Oman, Poland, Portugal, Romania, the Republic of San Marino, the Slovak Republic, Slovenia, Spain, Sweden, Switzerland, the Federal Republic of Yugoslavia and the United Kingdom

Signed:

A handwritten signature in blue ink, appearing to read 'Nicky Sutton', is written over a light blue circular stamp.
